

Item no.: 19.11.1014

ROLINE Wireless Charging Mouse Pad, black

Features:

- Designed and compatible to Qi Standard
- Supports QC 2.0
- Material : PU (front) + super fiber (rear)
- Size: 347 x 216 x 6 m
- LED indicator lights up to indicate well connectivity
- Input voltage/current: DC 5V 2A ; 9V/1.8A
- Output voltage/current: 5V/1A; 9V/1.1A
- Operation frequency: 110KHz ~ 205KHz
- Transmission distance: ≤ 6 mm
- Charging Efficiency: $\geq 76\%$
- Working temperature : 0°C ~ +45°C
- Supports FOD (Forgine Object Detection) function
- Supports Over Temperature Protection
- Supports Over Voltage/Under Voltage Protection
- Supports Over Current Protection
