

DEEBOT *mini*

DEEBOT *mini*

Key Technologies

Cleanliness

- Small (28,6) but Powerful
- OZMO Turbo 2.0
- ZeroTangle 2.0
Anti-tangle Technology
- 9.000 Pa Suction Power

Intelligence

- TrueDetect Obstacle Avoidance
- TrueMapping intelligent navigation
- Interaction via ECOVACS Home App

Convenience

- mini Station with
2,6 l Watertank, 1.8l dust bag
- 45°C Hot Air Drying
- Auto-Empty, Auto-Wash, Auto-Hot -
Dry, Auto-Refill
- Smart Home Compatibility
- Ultra Quite (55db, quite mode))

Specification

DEEBOT MINI EU (blue, purple or green)

Battery	Li-Ion, 3200 mAh, 42,39 Wh
SRP	€ 499
Charging Time	2:10h (15%-> 100%)
Dimension with product packaging cm	43,5 * 37,5 *37,5 cm
Dimension of Robot	28,6 * 28,6 *9,98 cm
Dimension of Station	40 * 32 *38,5 cm
Dust Bag (Station)	1.8 L
Dust Container	140 ml
Navigation Type	LDS
Noise level Robot (vacuum & mop)	60 dBA (55 dBA in silent mode)
Obstacle Avoidance	Laser Obstacle Avoidance
Runtime (Sweep&Mop) Standard suction	128min
Suction Power	9000 Pa
Watertank size - Station	2.6l (clean), 1.7l (dirty water)
Watertank size - Robot	-
Working voltage (V) Robot	16.6V
Rated Power (W) Robot	70W
Weight Net Kg	8.96
Weight w/o packaging kg	8.96
Weight with product packaging kg	10.8
EAN	6970135036530 (BLUE) 6970135036608 (VIOLET) 6970135037254 (GREEN)

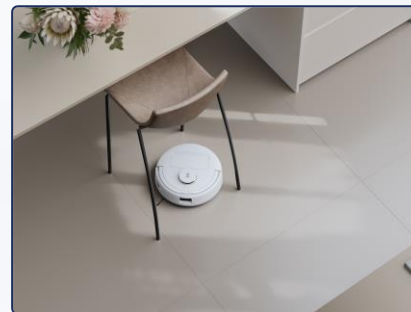

What is in the box?

Robot (pcs)	1
OMNI station	1
Station Pad (pcs)	1
Power cord (pcs)	1
User Manual (pcs)	1
Mopping pad plate (pcs)	2
Washable Mopping Pad (pcs)	2
Side brush (pcs)	1
Main Brush Main Brush Cover (pcs)	1
Antibacterial Filter (pcs)	1
Antibacterial Dust Bag (pcs)	1
Water & Sewege Container(pcs)	1
Sewege Container(pcs)	1

DEEBOT *mini*

THE FIRST ROBOTIC VACUUM CLEANER WITH
SMALLEST OMNI STATION

Ultra-Compact DEEBOT

Ecovacs has revolutionarily introduced the Deebot mini:

With a compact body diameter of just 28.6cm, the Deebot mini can easily navigate through narrow spaces in the home, whether it's tight corridors, under furniture legs, or the cluttered chaos of a child's room. It delivers full-coverage deep cleaning, with a cleaning coverage rate as high as 89%. Compared to traditional models, the Deebot mini covers more ground in a space-conscious apartment, reducing blind spots and ensuring a deeper, more thorough clean.

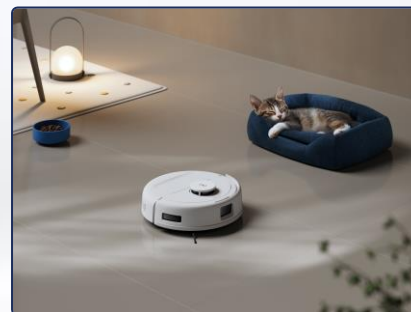

Multifunctional Mini OMNI Station

Powerful and placed anywhere.

The mini OMNI Station, with an occupied area of just 0.08m² and a height of only 38.5cm, is designed to be both compact and space-saving. Its small size means it doesn't take up extra space and can easily fit into small apartments, making it a perfect fit for compact living spaces. Despite its small size, it doesn't compromise on performance.

It offers premium features like 45 °C Hot Air Drying, keeping your mop and base plate dry, bacteria-free, and odorless with a high-performance fan. Auto-Empty handles dust collection with ease, while Intelligent Deep Mopping ensures a thorough clean without the hassle. One-Tap Self Cleaning simplifies maintenance, and Full-Chain Antibacterial protection guarantees a healthier, more hygienic home. It's not just about cleaning—it is about creating a cleaner, more efficient living space with effortless convenience.

Superior Noise Control

Lowest 55 dB, safe for baby's sleep.

The DEEBOT mini seamlessly integrates robust cleaning power with quiet operation, meticulously optimizing every key component to create a tranquil cleaning experience. Through comprehensive noise-reduction measures such as using brushless motors for the side wheels, worm gear transmission for the side brushes, optimized gear design for the main brush, and adding the sound-dampening structure at the fan outlet, it operates at a serene 55 dB during cleaning, ensuring your daily life remains undisturbed. Moreover, even the Auto-Empty of its OMNI Station, which effortlessly handles dust collection, operates at only 70 dB, maintaining a calm atmosphere.

Fun Capsule Design

Master of curves in robotic vacuum cleaners.

Ecovacs adopts the "Spectral Capsule" as its design concept, with flowing surfaces and perfect R corners. The colorful spectrum returns to the most authentic sensory experience, conveying that under the round and playful appearance, the most classic, comfortable, and practical cleaning experience is preserved. The G3 curvature R corners not only provide a comfortable and smooth visual experience but also convey an elegant aesthetic value. The transparent water tank makes the internal structure visible, adding a sense of lightness and transparency while maintaining a delicate appearance. It is not just a robotic vacuum cleaner but also a stylish item for your home.
