

Performance C Series

Multi-Socket CPU Cooler M403PRO.W.ARGB

The compact M403PRO.W.ARGB with its tower design is the new multi-socket cooler from the Performance C Series. Three high-performance copper heat pipes dissipate 150W waste heat to the innumerable cooling fins. These reasons make the cooler ideal for powerful multicore processors. Additionally, the heat transmission between CPU and cooler is very evenly and efficient due to the direct contact of heat pipes and CPU. The mounting material make this cooler suitable for all current AMD and INTEL sockets.

The scope of delivery not only includes the heat sink tower, as well as the 92mm PWM fan but also a holding module for Intel sockets 1700/1150/1151/1155/1156/1200, AMD sockets AM5/ AM4 and a tube of thermal paste.

Product Features

- Classy white design
- Silent hydro bearing 120mm fan
- Three 6mm copper heat pipes for better heat flow
- Fin Design for high airflow and efficient cooling of the CPU and surrounding components
- Slight overhang of the fan avoids hotspots
- Possible mounting of the fan on both sides of the heat sink
- Suitable for all current AMD and INTEL sockets

Technical Data

Sockets AM5/AM4

LGA 1700/1150/1151/1155/1156/1200

CPU max. Watt 150W

Fan Size $120 \times 120 \times 25$ mm Fan Speed $500 - 1800 \pm 10\%$ RPM

Air Flow 61.5 CFM Fan Control PWM

Noise Level 14.2 - 25.6 dB (A)

Thermal Paste included

Dimensions (H/W/D) 142 x 120 x 71.6mm

Weight 420g

Logistical Data

Manufacturer Number M403PRO.W.ARGB

Item Number XC229

EAN Barcode 4044953502859
